EDUCATION

PANDIT DEENDAYAL ENERGY UNIVERSITY | 9.81

Aug 2019 - May 2023

Bachelor of Technology in Computer Science

MUKTAJEEVAN ENGLISH SCHOOL | 78.3%

June 2018 - March 2019

Higher Secondary

EXPERIENCE

GROWEXX - Ahmedabad

Jan 2023 - present

Junior Software Engineer (Aug 2023 - present)

- Executed multiple projects, demonstrating a deep understanding in implementing libraries and frameworks such as NodeJs and ReactJs, alongside utilizing databases like MongoDB.
- Established and nurtured strong client relationships, earning trust through transparent communication and consistently delivering high-quality solutions.

Software Engineer Intern (Jan 2023 - Jul 2023)

- Acquired various skills, including React, Redux, Jest, Ant Design, MongoDB, PostgreSQL, Git, Node, and Express.
- Contributed to a project that utilized technologies such as Facebook authentication, Facebook Graph APIs, and the Stripe payment mechanism.
- Worked on a project focused on leveraging AWS Textract to extract information from handwritten documents, such as invoices or purchase orders.

BARODAWEB - Remote

May 2022 - July 2022

Summer Intern

- Contributed to the development of the Virtual Advertisement Management system, focusing on the Influencer Management module within the MERN stack framework.
- Implemented functionalities to fetch influencer data from YouTube and Instagram using respective APIs, providing comprehensive insights such as followers, subscribers, and engagement metrics. Utilized YouTube and Facebook APIs to seamlessly retrieve and update influencer data, ensuring real-time and accurate information for advertisers.
- Designed and developed modern and user-friendly interfaces for the Influencer Management module, focusing on enhancing the overall user experience.

PROJECTS

Find Your Place

- Utilized MERN stack (MongoDB, Express.js, React.js, Node.js) for efficient and seamless full-stack development
- Implemented Facebook authentication to enhance user experience and streamline onboarding. Integrated Facebook Graph API to leverage social connections, enabling users to receive personalized recommendations based on their friends' preferences.
- Developed a sophisticated ranking algorithm that considers Facebook friends' preferences to determine the top 7 places in any given city.

MelodyMentor

- Facilitated the connection between students and teachers through an intuitive interface for seamless learning experiences. Implemented a robust Learning Management System (LMS) to organize, manage, and deliver musical video courses effectively.
- Designed a user-friendly interface that allows students to easily navigate through course materials, track progress, and engage with multimedia content.
- Integrated a Customer Relationship Management (CRM) system to enhance communication and engagement between students and teachers.

ADDITIONAL

- Certifications: Modern Javascript (Udemy), SQL and PostgreSQL (Udemy), Modern HTML and CSS (Udemy), Github Ultimate (Udemy)
- Technical Skills: C++, Html, CSS, Javascript, ReactJs, NodeJs, ExpressJs, AntDesign, Unit Testing, MongoDB, Postgres, Git, AWS Cognito
